Please share these project proposals with your Lion members and other volunteers that may join us for fun and worthwhile work on “Earth Day 2018”.

If your Club or a group of Lions wants to “adopt” one of these projects as your own, please let Orson or Dennis know so we can communicate and coordinate details with the Park and others.

REMEMBER!

Wear sturdy shoes or boots and gloves.

Prepare for rain and wind (although we’ll expect lovely Whidbey weather in April).

Bring some tools if you can and mark them with your name and Club! (we want you to get them back)

Sign in and out. Lions and the Park need a record of volunteers and hours worked.

Work safely and don’t over-do. Get a helper, take breaks, stay hydrated, use sunscreen (We wish this time of year! It has happened.), keep track of pets and kids (if you bring ‘em, take ‘em home when you go).

Lunch provided by Central Whidbey Lions!! Thank you!

Meet at Cranberry Lake Shelter 0900. Lunch at noon, work no later than 1600. Questions?
