Coupeville Lions Club
Serving 70 Years

Editor Lion Joe Walck
JoeWalck@Comcast.net

President's Corner

A busy month for the club. In addition to our regular meetings we are hosting the Zone meeting on Saturday 9 Feb (10 am til 2 pm.) at the Methodist Church. We are also changing the Ash Wednesday venue to the Rec Hall. We have had two work days at the new Harbor Haven respite care facility and I will be calling on the club for still more support for this worthwhile project. Planning and preparations for the upcoming Scholarship Auction (April 19) are underway. Keep those donations coming! Forms available from Molly Hughes.

Finally I would urge each of you to consider a donation of \$180 to SightFirstII. According to LCI president Amarasuriya each \$6 enables the program to save the sight of a person. This donation would of course be in addition to our white canes and our coupon book programs. What a bargain for such a good cause!

Don't forget, meetings start 1 hr. early in March (6 pm).

Lion Pres. Warren

Calendar For Jan.

- Feb. 6** *Note: At Coupeville Rec. Hall
Board Meeting 5:30 pm
Dinner/Business Meeting 7:00 pm

Manes & Tales

Coupeville Lions have been out and about YISing (yours in service) in January.

GINNY MUNN & ASSOCIATES worked on the Blood Drive fed thirteen new blood contributors. If I hadn't been in Yellowstone, we would have had 114 people giving blood. Way to go Dracullette Ginny. Let's go for 125 participants this next quarter.

Coupeville Lions Dale, Warren, & Associates worked on the Harbor Haven home across from the Coupeville Middle School. Their tasks included screwing in light bulbs, installing door knobs, mending fences and other items. The Harbor Haven Home hopes to be established in May 2008 for crisis & respite childcare.

Molly Hughes & Associates were/are preparing for the April 19 Annual Scholarship Auction at Crockett Farm. When I first joined our group Aug. 2006, I was impressed with people willing to serve on committees; I am still impressed with people willing to serve on Molly's committee. She stated there would be a planning meeting and anyone wanting to serve on said committee, show up. Approximately 10 people attended and volunteered for subcommittees. YISing happened big time.

Rod Barnes' vast knowledge of Lion parliamentary procedures, policies and by-laws impressed me. So I interviewed him with the following five questions:

1. When you joined Coupeville Lions 26 years ago, what, who, and why motivated you.

"Since I was a teen, I observed what Lions did. It was a natural process to join Coupeville Lions."

2. How were the times/events/results then what times/events/results alike or different?

"People come and go but friends are forever. Our group is now four times bigger when I joined 26 years ago. At one time we had 167 members. Quality is not in the numbers."

3. Tell me about the highlight of your membership in Lions.

"Helping Lions because they help people. In my travels throughout Canada and the States, I have made many friends. People call me from all over asking me questions about writing policy manuals, construction of by-laws and parliamentary procedures. I have served on these committees. If I don't know the answer, usually I know where to find the answer for the caller."

4. Discuss was important for you maintaining your membership for 26 years.

"I enjoyed the opportunity to help people and attending Lions Conventions in foreign countries."

5. What was the funniest thing that happened during these 26 years?

"As District Governor, the Zone Chairmen and others dressed in farm clothes as in my name 'Barnes'."

What's wagging at Tails' End.

Someone wanted me to advise Vin that he needs to become an ordained minister to qualify for giving long prayers. Consider it done SOMEONE.

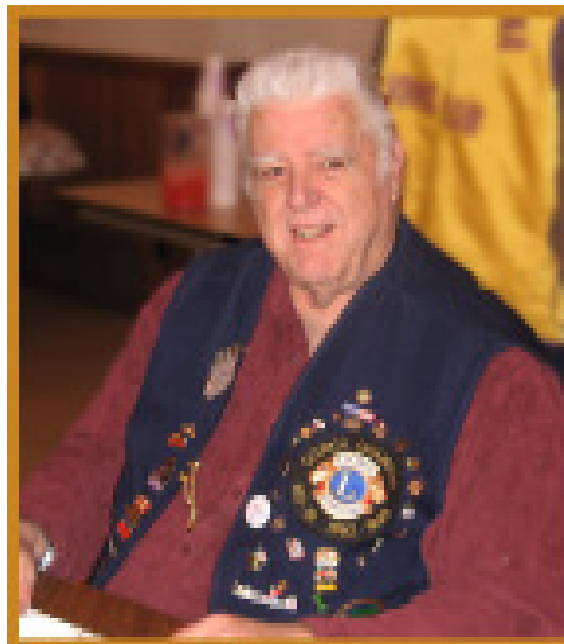

Gary Leake was given a pin for recruiting two new members. He could not remember whom he had recruited. Oh yes. It was Bob Johnson and his wife.

Coupeville Lions received a Membership Excellence Award for the year. Did we have to clap for loud for ourselves?

So where are we all going at 8:30 pm that people did not want to give Tom an extra ten minutes? Well, President Warren adjourned the meeting at 8:25 pm. Hope you were not late for your next appointment that evening. Tom, we are tough group re: change. Keep shaking out of our comfort zones.

Wedding Anniversaries: Von Summers – 56 years, Jim Price – 20 years, Karen Fletcher – 9 years, and Cindy VanDyk forgot hers.

The cub reporter sleeps...

Mustache... What Mustache!

Please TEAR this section off and place in a safe place (back of phone book).

Adopt-A-Highway litter pickup is scheduled for Saturday, February 16, 9:00. Meet at the Superintendent's office. The number of volunteers for this project has not been adequate. We need to consider the possibility of discontinuing it. Our club has participated in the Adopt-A-Highway litter program for 15 years. Maybe it is time for a change.

Roger M. Sherman, not retired, just tired

Before we know it the time for **White Cane Days** (May 2008) will be upon us. The reduction in the size of the ferry (assuming there will be an automobile ferry by then) will adversely impact our collection base - to say nothing of what a "Passenger Only" ferry situation will do to what has traditionally been our second largest collection opportunity. Anyone with Collection Opportunity Location ideas in addition to the following is encouraged to recommend same to me for presentation to the Board.

Prairie Center - Ferry Landing - Whidbey Island Bank (Or whatever the name will be at that point and assuming collection will be authorized by the new management) - Greenbank Store - Farmer's Market - Water Festival. The dates do not have to necessarily be the same for all - "Sometime in May" would be good, but we could consider April and June as well if there is a good collection environment available.

This will be my 4th year as Chair of the White Cane Committee and, while I will do my best, I could use a Vice Chair Volunteer who will be willing to take over in a year or two. Additionally, I need someone ASAP with some time, a computer and a program that will create a mailing list and labels from raw data which I have. The program I used previously has crashed and is not available.

Thanks Much, Lion Bruce Williams
