

# The Phone Tree is meant to be used:

1. Emergency deemed by Lion Pres.
2. Meeting canceling at last minute due to weather

**PLEASE PRINT THIS NOW, IT WILL BE TOO LATE IF THE POWER GOES OUT!!!**

ALSO, it is a good idea to always have an old "dial/push button" phone...remote phones sets don't work during power outages.

## HOW IT WORKS....

Whoever activates the tree will call 9 Lions ("CALLERS" list below), and **those 9 will call a "GROUP", as assigned by the starter.**

The first Lion contacted(*this may be different each time*) will call GROUP 1, the second will call GROUP 2, third will call GROUP 3, and so on, **as assigned by the starter.**

**Anyone off island/out of state of course can be skipped, the "CALLERS" must be contacted personally, no answering machines...if they don't answer, call the next Lion on the list.**

The rest of the membership can be left phone messages if possible ...  
**a best effort to contact our membership is what we hope for.**

***Anyone can start the tree, but the rule should be that it be ok'd by the President or one of the senior club officers in his absence, and either they be the starter, or okay that the requester to notify the "Callers".***
