PRESIDENT'S CORNER

October 11th-12th brings us the Trade Fair, and Coupeville Lions will be busy passing out free popcorn, selling Shopping Spree raffle tickets and telling folks how much fun it is to be a Lion. Please plan on spending some time helping out. We have 5 meetings in October, so there will be three program nights. October 8th, Jim Jones from Penn Cove Shellfish will tell us all about the farm we see in Penn Cove. On October 22nd, Past Zone Chairman Alan Stone will tell us about the Northwest Lions Foundation for Sight & Hearing. Alan is a Trustee on the Foundation's Board. Since we work hard during White Cane Days to help support the Foundation, it will be worthwhile to have an update on their current activities. We will wrap up the month with Dave Metheny, who will tell us why many people think a PUD for electrical service should be established on Whidbey Island. It was my pleasure to represent the Coupeville Lions Club at our first Zone Meeting for the 2008-2009 year. Each President of the nine Clubs in our Zone had the opportunity to brag about a recent service activity. I chose to talk about our great Swim Program. It's one of our oldest service activities and perhaps one of the most rewarding since we give kids a skill important to the rest of their lives. For the Zone Meeting, each Club also recaps its activities from the last seven months. I know you hear at meetings about different Committees working on different things, but don't necessarily realize the impact of all our Club's activities. You should know that in the past 7 months, Coupeville Lions:

We spent 8,593 hours in service & fund raising activities!

We raised \$71,606!! We donated \$65,489!!! Over and over again, Coupeville Lions stepped up, took charge and got the job done to make this a better community. We do that in a myriad of small ways, and you are all heroes because of it. **Never forget that together we get really great things accomplished!**

Serving with Pride,

Pres John

Calendar For October

Note Lions Club NEW LOGO(top right)...We

Welcome

Coupeville Lions Club has great information on its website at www.coupevillelions.org

If you are telling a potential new member about the Club, tell them to look at our website to get more information. There are photos of Lions at work, information on our programs, the history of our Club, and copies of past Cagey Comments. You should also know the home page has useful links. For instance, the link www.md19hlions.org will take you to our District Governor's website where you can see our District's monthly newsletter and our Zone Chairman's monthly newsletter. These are useful websites to have bookmarked in your Favorites.

Our website has had over 400 visitors since 1 Sept. 08!

Would you like to learn a new skill? can you do word processing? do you know how to Copy and Paste? Then you have all the basic skills required to be the next MD19H Webmaster. Free training and software will be provided and your services will be in great demand in and out of Lions. Don't hesitate to take advantage of this great offer. Just contact the VDG or Webmaster ASAP so you can start a Great New webpage for District H for next year....

Our Club also needs a WEBMASTER and a NEWSLETTER EDITOR soon too! Contact Lion Joe W.

Boy Scout Popcorn for sale for this month. Junior Lion/Boy Scout Josh Ekberg will be on hand this Wednesday, 1 October, to take popcorn orders. The popcorn always comes in just before Thanksgiving, when there is no Lions meeting. Anyone not present on 1 Oct can call Josh at 682-5881 to place an order.
